

Comet 200 Chromium – IAM 007 893-191
H: 153 mm W: 76 mm D: 144,5 mm
Exclusive chrome styling / Classic stylish outfit / Clear-glass design / FF high-gloss reflector / Aluminium vapour-coated reflector

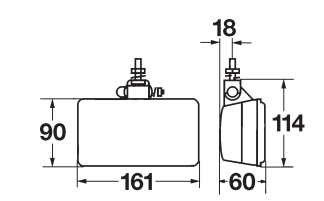

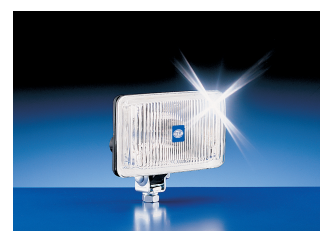

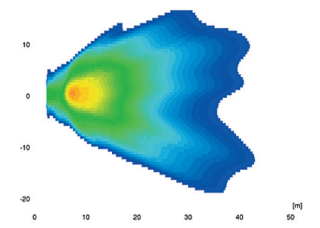

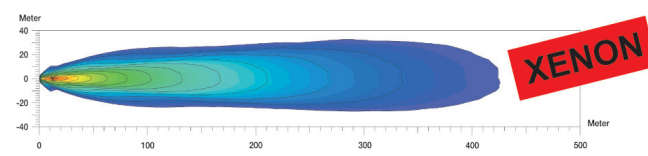

Comet FF 200 Set – IAM 007 893-811
H: 153 mm W: 144,5 mm D: 76 mm
Small, round auxiliary light in stylish design / Free-form Reflector / Modern clear-glass design / Also available in cool blue look

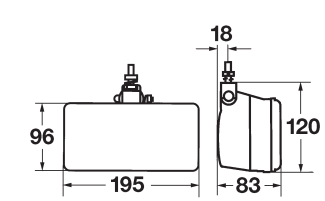

Comet 200 Xenon – IAM 007 893-871
H: 151,8 mm W: 144,5 mm D: 99,8 mm
Xenon lighting technology / Elegant Auxiliary light / Free-form reflector with torsion look

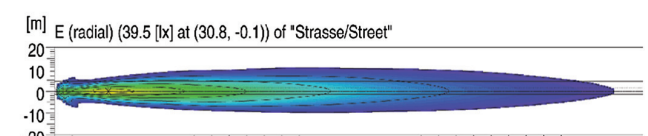

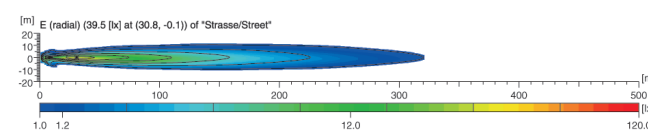

Comet 500 – IAM 005 750-001
H: 176 mm W: 67 mm D: 163 mm
Light Function with fog light / Rated Voltage 12 V / Illuminated Area 142 mm / Housing Colour Black

Comet 450 Set – IAM 005 860-831
L: 161 mm H: 114 mm W: 90 mm
Light Function with High Beam / Rated Voltage 12 V / Illuminated Area 161 x 90 mm / Housing Colour Black

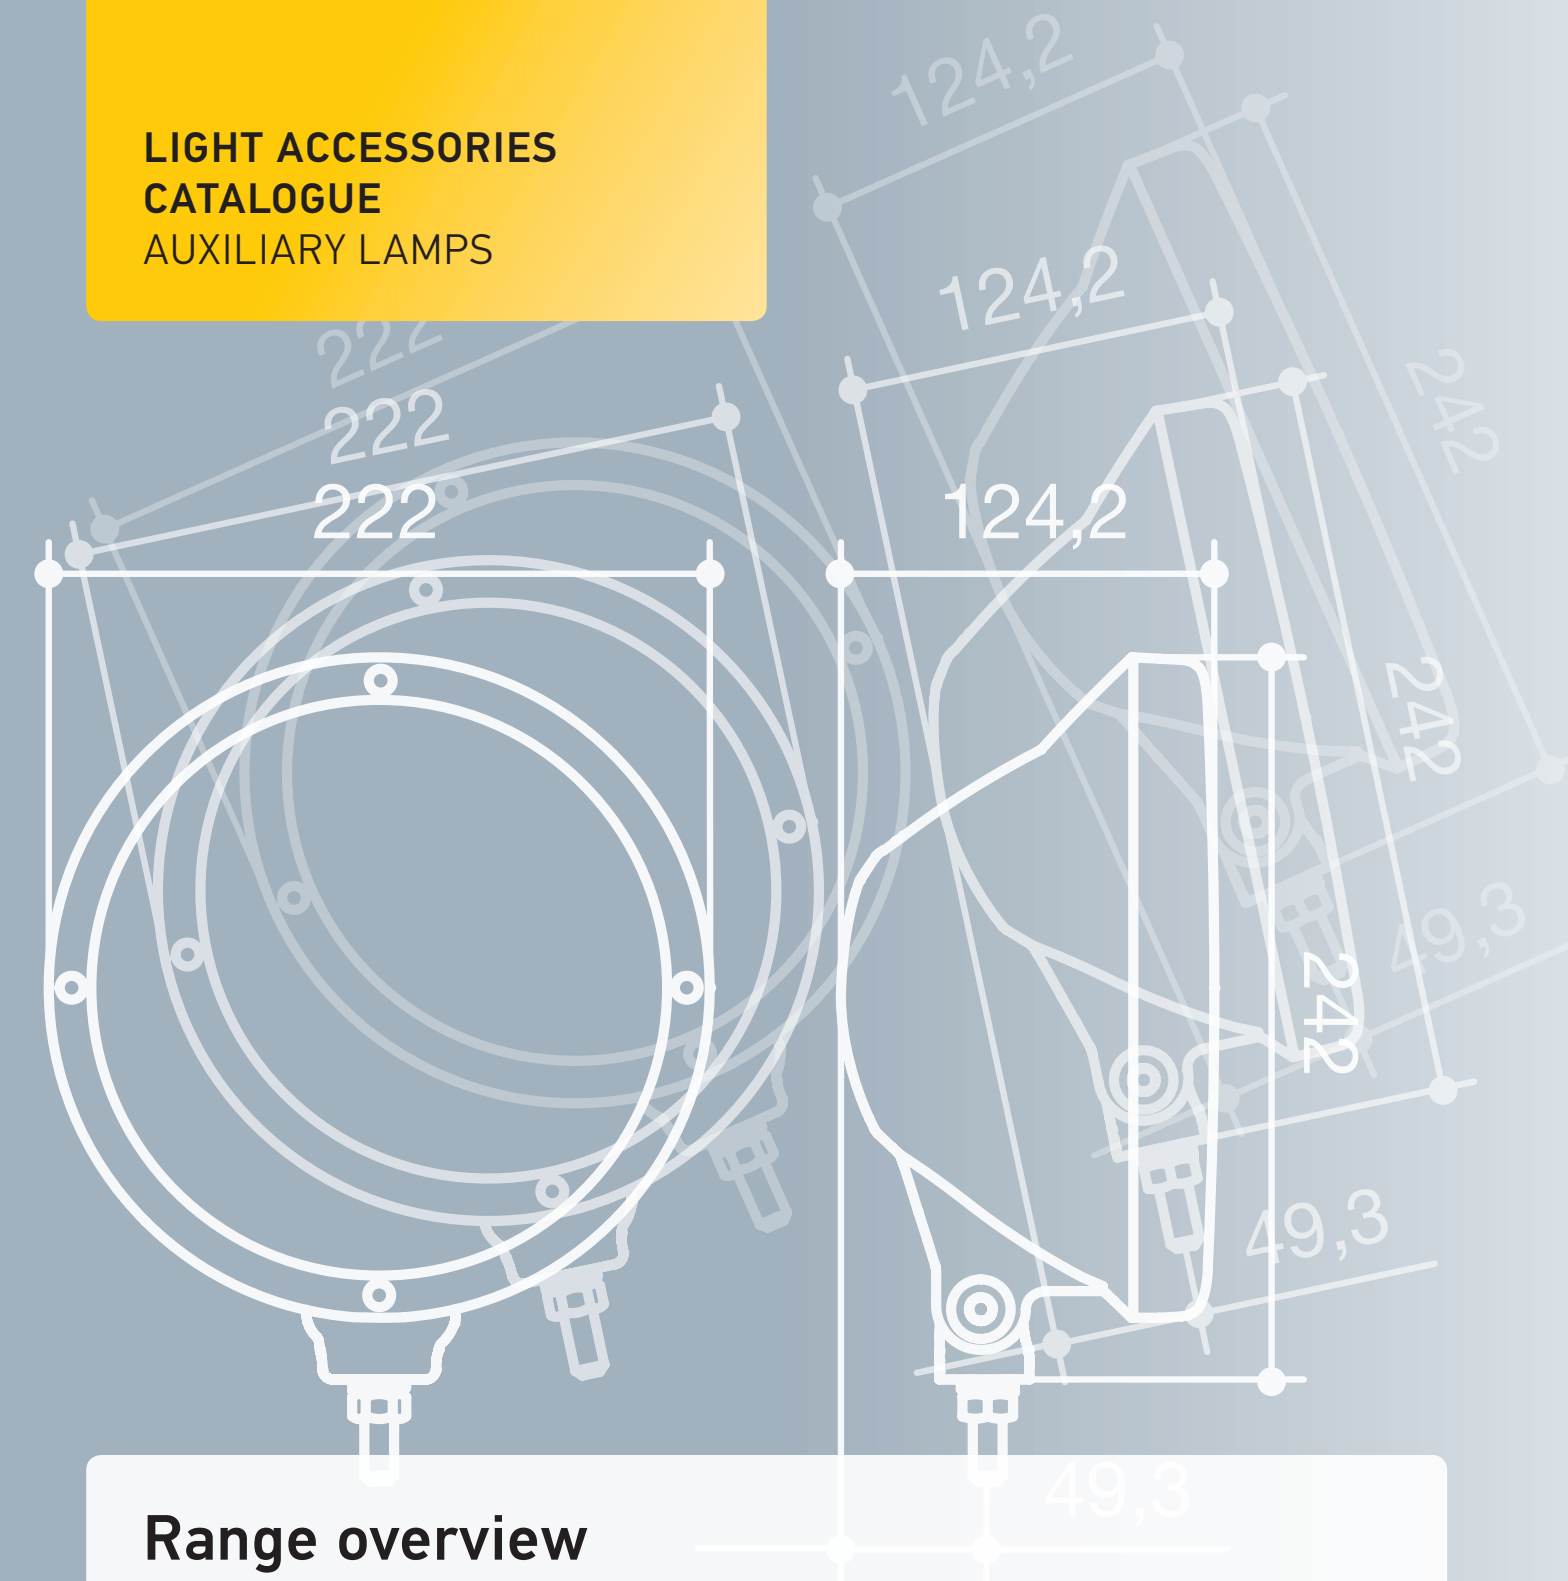

Comet 550 – IAM 005 7CB-051
L: 195 mm H: 120 mm W: 96 mm
Striking styling for modern and classical vehicles / In the classical rectangular design / For upright or pendant mounting

Range overview

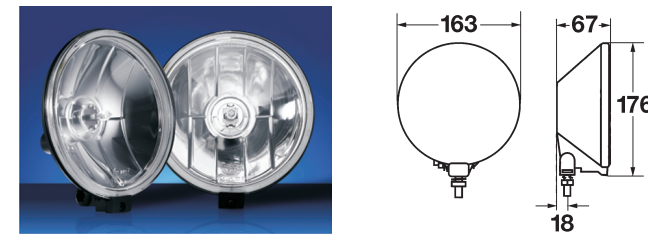

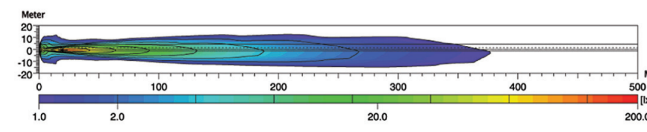

HELLA's powerful auxiliary lights ensure better visibility and active traffic safety – whatever the weather and driving situation.
But which is the right auxiliary light for your requirements?

Find the answer here, in our clearly structured and detailed summary of the respective light distributions projected by HELLA auxiliary lights onto the road. Compare the light distributions of the fog and auxiliary lights and optimise your own vehicle's light output.

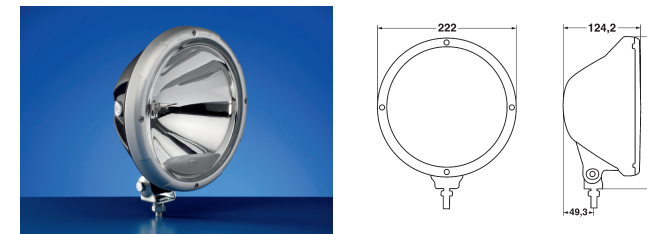

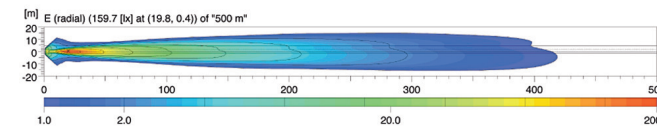

We have the right auxiliary light for every application. Different design shapes in oval, rectangular and circular provide a suitable model for every vehicle type and individual taste.

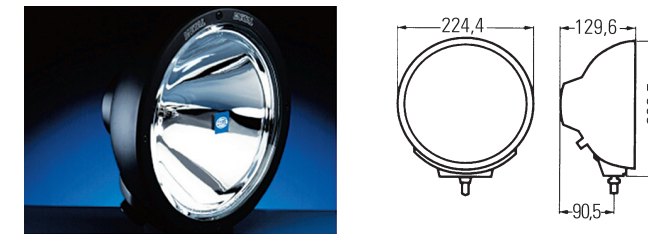

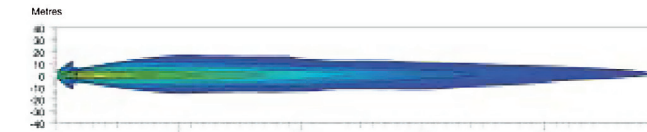

Rallye 500 FF Set – IAM 005 750-961
 H: 175 mm W: 67 mm D: 163 mm
 Free form Technology from HELLA / Light weight design / Clear glass lens with HELLA trademark and E mark / Bounded water tight lens assembly / Alluminium vapour coated reflector / Sturdy shock proof housing

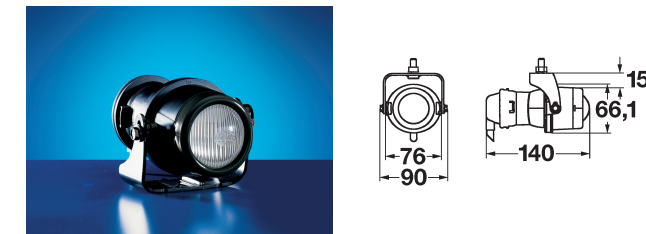

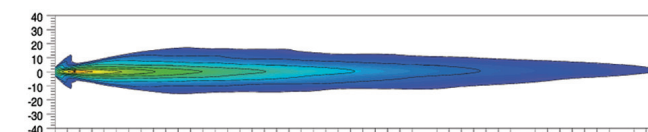

Rallye 700 FF Set – IAM 010 032-811
 H: 218 mm W: 88 mm D: 186 mm
 Jumbo size / Free form Technology from HELLA / Light weight design / Clear glass lens with HELLA trademark and E mark / Bounded water tight lens assembly / Alluminium vapour coated reflector / Sturdy shock proof housing

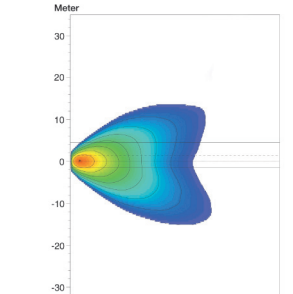

Rallye 3003 – IAM 009 797-021
 H: 242mm W: 222mm D: 124.2mm
 Unique housing design / Latest Lighting technology / High boost reflector / Modern clear glass design also available in cool blue look

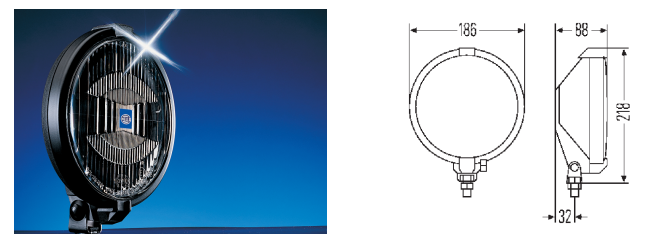

Rallye 4000 – IAM 007 560-121
 H: 232.5 mm W: 129.6 mm D: 224.4 mm
 High-quality diecast zinc housing / Reflector glued to lens. Sulphur-treated lens / Black lens frame and housing / With bracket installed and built-in 12 V/100 W bulb / For upright or suspended installation

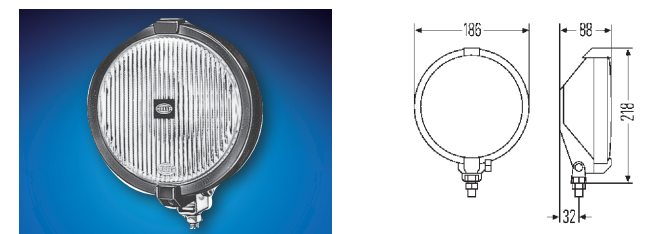

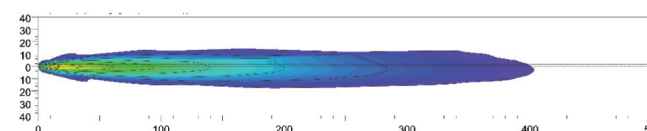

Premium Light Micro DE Set – IAM 008 090-821
 H: 90mm W: 90mm D: 94.2 mm
 Smallest auxiliary light from HELLA / Reflector and housing made of high-grade metal materials / Sophisticated aluminium design housing

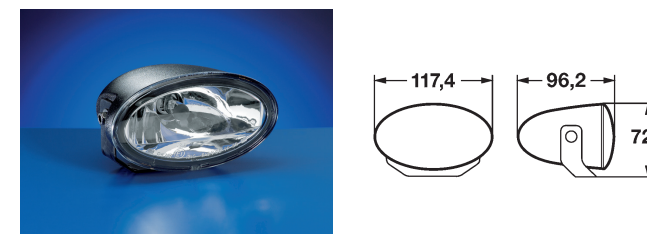

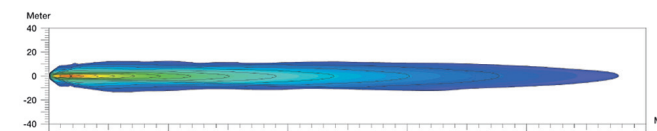

Premium Micro DE Xenon – IAM 008 390-821
 H: 66.1 mm L: 119.5 mm D: 90 mm
 Smallest auxiliary light from HELLA / The DE xenon driving light / Classy aluminum look –underlined by a sophisticated design ring / Suitable for mounting in front spoilers or front aprons / Reflector and housing made of high-grade metal materials

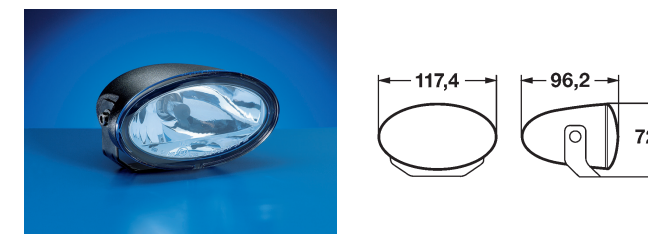

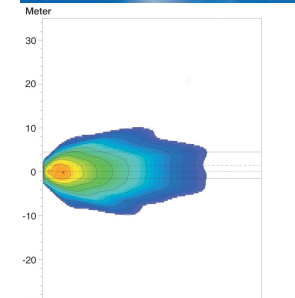

Rallye 1000 Black Magic – IAM 004 700-431
 H: 218 mm W: 88 mm D: 186 mm
 Cool Black optics design to suit the style of modern vehicles / High-impact ABS housing, bonded, water-tight assembly / Illuminated Area upto 400 m Aluminium vapour-coated reflector

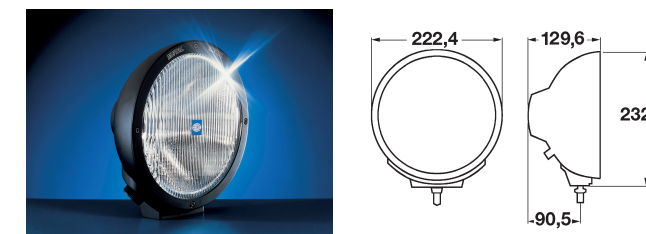

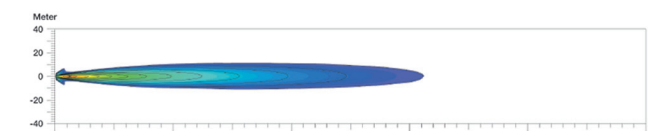

Rallye 1000 – IAM 004 700-031
 H: 218 mm W: 88 mm D: 186 mm
 H2 Spotlight / Reflector glued to sulphur-treated lens / Lens frame not included / Black plastic housing / With built-in 12 V/100W bulb / For upright or suspended installation

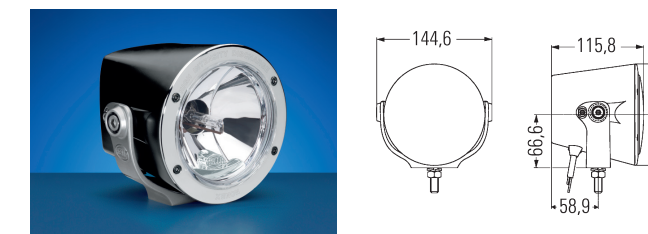

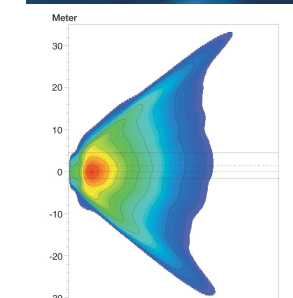

FF 50 – IAM 008 283-801
 H: 72.9 mm W: 117.4 mm D: 96.2 mm
 Compact, Oval Auxiliary Light / Free form magnesium reflectors / Modern clear glass design

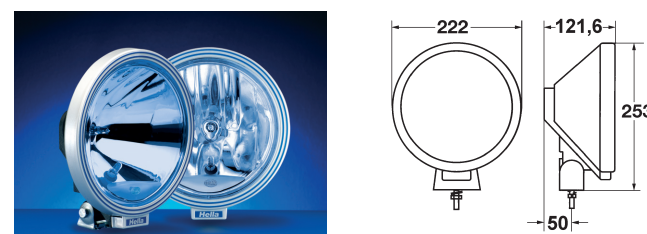

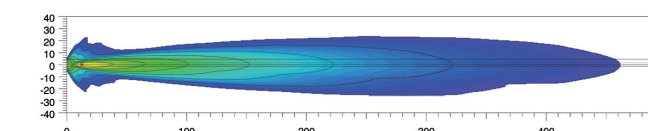

FF 50 Blue Set – IAM 008 283-861
 L: 117.4 mm H: 96.2 mm W: 72.9 mm
 Modern clear lens design / Free-form (FF) reflector / Black housing color / Oval Design / Suitable for upright and pendant flush-fitting

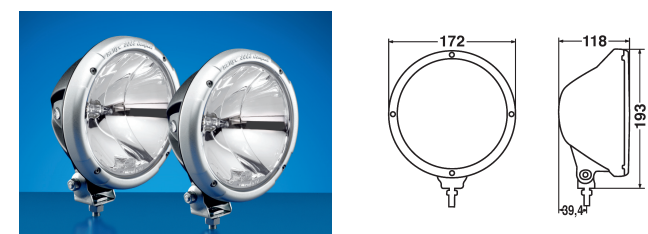

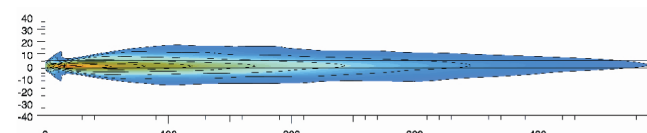

Luminator Metal – IAM 007 560-031
 H: 232.5 mm W: 224.4 mm D: 129.6 mm
 Extremely sturdy diecast zinc housing / Large, round fog light Housing with matt black long-life coating or high-sheen chrome plated

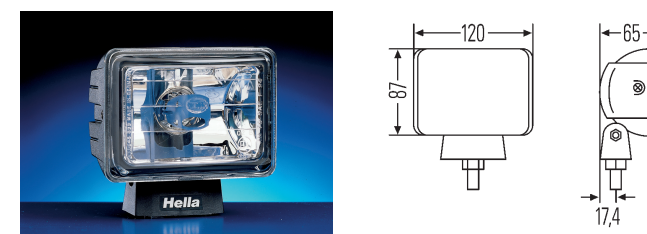

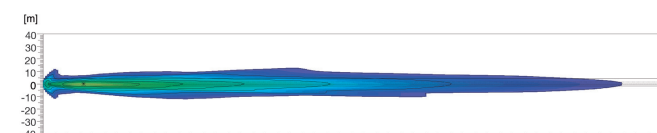

Luminator X Xenon – IAM 010 186-001
 H: 232.5 mm W: 129.6 mm D: 224.4 mm
 Specially designed for off-road usage / Ballast unit integrated into housing for easy installation / Clear real glass lens / Shock-resistant stable bracket design with additional fixation screw for precise light alignment / Latest Free-Form lighting technology combined with the High Boost reflector

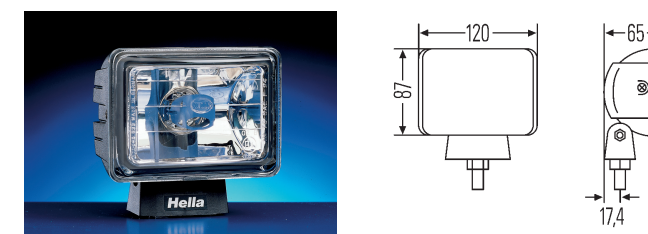

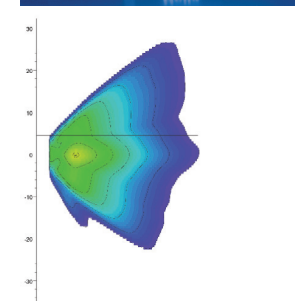

Rallye 3000 Blue – IAM 006 800-321
 H: 253 mm W: 126 mm D: 222 mm
 High boost reflector with cool blue design / Silver-colored ring with blue design strips

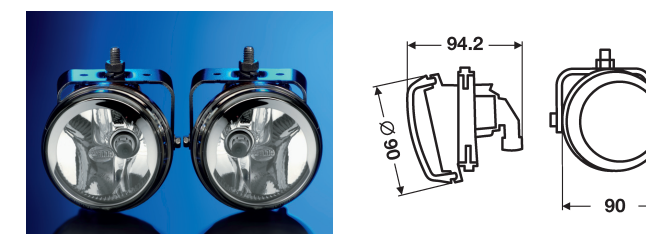

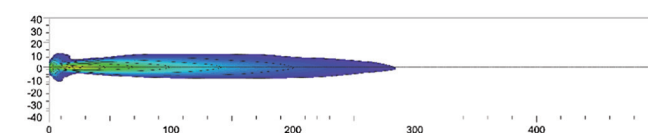

Rallye 3003 Compact – IAM 010 119-011
 H: 193 mm W: 118 mm D: 172 mm
 Clear-glass lens with high-boost reflector / Shock-resistant and sturdy housing / Computer-optimised precise adjustment between Light source / Free-form technology

Micro FF Set – IAM 007 133-841
 L: 120 mm H: 87 mm W: 65 mm
 Small and light weight / Sturdy and shock proof design / Rectangular black housing with clear lens design / Easy mounting adjustment and bulb replacement

Micro FF – IAM 007 133-851
 L: 120 mm H: 87 mm W: 65 mm
 Small and light weight / Sturdy and shock proof design / Rectangular black housing with clear lens design / The latest aluminium vapour coated free form reflector for precise and optimum light output, Illumination upto 300 m / Easy mounting adjustment and bulb replacement

Dyna View Evo 2 Set – IAM 009 295-801
 H: 90 mm W: 94.2 mm D: 90 mm
 CORNERING LIGHT DynaView Evo2 system / Combines the safety functions of cornering light and fog light in compact, round auxiliary lights / When the dipped beam is on the left or right cornering light will automatically turn itself on without a delay when the indicator is set or when the car drives through a curve at no more than 40kmh
